SENATE PASSES FARM RELIEF BILL OVER TO HOUSE

ROGERS PREACHES SERMON ON WAR TO END ILLITERACY

(Special to The News)
PHILADELPHIA, May 15.—

Farm relief, stock market, Federal Reserve, chain stores, mass production, and all that is a joke. The state of Louisiana, without a nybiere of trumpets, is doing the biggest thing being done in our land today. They stood highest in illiteracy. They opened up moonlight schools, and are teaching over a hundred thousand to read and write, mostly older people.

They are going to wipe out illiteracy in two years with both whites and blacks, that beats all your luncheon clubs, and your good roads, and your advertising campaigns.

That's like learning the cripplingly to walk, and the blind to see.

One hundred thousand happy citizens will bring your state more dividends than one hundred thousand miles of bonded concrete roads will.

Yours,
WILL.

Reapportionment Fight Starts In Senate Chamber

New Farm Bill Passed By Senate; Take Up Reapportionment Battle Today

FARM MEASURE GOES TO HOUSE

Conflict May Develop Between House and Senate Over Constitutional Rights

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, May 15.—While the farm relief battle shifted back to the house today the senate developed a new legislative war over President Hoover's plea for enactment of the congressional reapportionment.

The new farm bill, containing the export debenture plan, which Mr. Hoover disapproved, passed the senate by a vote of 54 to 33 and was sent to the house immediately with a request for a conference to iron out differences between the two branches. The fact that thirty-one administration senators voted against the bill in the senate occasioned considerable surprise.

Conflict May Develop. A conflict between house and senate over their respective constitutional rights may develop.

Administration leaders, though, were hopeful the house would simply reject the debenture without assailing or questioning the senate's power to originate it. The issue, revolving around the right of the senate to initiate a "revenue-raising measure" and the question whether the debenture comes under that title, might delay enactment of farm relief for months, if raised.

The bill was finally passed by the (Continued On Page Two)

Fifteen Hundred Reported Killed In Chinese War

Cantonese Nationals Rout Kwangsi Troops Who Flee In Disorder

(International News Service)
LONDON, May 15.—Fifteen hundred casualties have taken place as the result of a heated battle between Cantonese Nationalists and Kwangsi troops at Shengkang, according to an Exchange Telegraph dispatch from Hongkong today.

It was officially announced, the dispatch stated, that Cantonese troops, aided by gunboats and 15 airplanes, launched the attack against the Kwangsi, who retreated in disorder and with great loss after several hours of fighting.

The retreating troops were hotly pursued by snipers in the airplanes. Additional fighting took place near Samshui, the gateway to Canton, the message continued. Cantonese gunboats fired upon Kwangsi vessels, attempting to land troops near Samshui, killing and wounding many and capturing several boats.

The allied Cantonese armies have captured Kwangsi and Pinglo without bloodshed. Samshui remains in the possession of Canton troops.

Zeppelin Stowaways Will 'Walk The Plank'

(International News Service)
FRIEDRICHSHAFEN, Germany, May 15.—Hereafter, all stowaways found aboard the Graf Zeppelin will be forced to "walk the plank," even as prisoners aboard pirate ships of old, it was announced here today.

But in contrast to the pirates' victims, who walked the plank with a pistol or cutlars at their backs, the modern "knights of the open road" of the air who are cast overboard from the Zeppelin in flight will have parachutes attached to their backs. Following the discovery and arrest of would-be stowaways aboard the Zeppelin today, shortly before the scheduled hop-off for the United States, the Zeppelin company announced that henceforth all stowaways found aboard the ship after it leaves its hangar will be dropped overboard, equipped with parachutes. Those found before the ship leaves the ground will be subject to arrest and prosecution.

NEW CASTLE MEN AID IN REMOVING VICTIMS FROM FIRE

According to a message received late this afternoon from Charles R. Kelley, New Castle undertaker, he and Charles Augustine, local police officer, arrived at the Cleveland Clinic Hospital, Cleveland, O., about twelve o'clock today, just as a terrific explosion occurred in that part of the hospital, where patients are examined.

There were over two hundred people in the place at the time awaiting examination also some thirty-five hospital employees and between twenty and twenty-five were reported killed, Mr. Kelley reports. Scores of people were terribly injured.

They arrived before the fire departments and the sight was one of horror which greeted the eyes of Messrs. Kelley and Augustine, with smoke pouring from the building and scores of people at the windows ready to jump out in an effort at safety.

Messrs. Kelley and Augustine had gone to the hospital for the purpose of bringing back the latter's father, Thomas Augustine, who has been confined there for some time.

They had the Kelley ambulance and assisted in carrying the injured in this machine to other hospitals, taking 10 or more in this way. The injured were taken in ambulance (Continued On Page Sixteen)

Minstrel And Revue As Hospital Benefit Scores Fine Success

Behind the magic glow of powerful foot lights, nearly a half hundred New Castle people performed Tuesday evening in The Cathedral auditorium before an enthusiastic and responsive audience of more than 1,000 persons when the Civic Minstrel and Revue was presented for the benefit of the new Jameson Memorial hospital.

Throughout the entire evening, the audience was entertained, amused and instructed with bits of magic, jokes, songs, and a host of other witticisms, brightly saving time thrusts and a hundred other odds and ends which kept the huge auditorium filled with laughter.

Tonight the second performance will occur at The Cathedral at 8:30 o'clock and the same array of talent will be found on the stage.

Lengthy Program. Apparently the minstrel-reviewers believe in both quantity and quality for there is a corps of local and talented players represented in the cast and they are not at all stingy with the quantity of entertainment.

The show was divided into two sections. First, "The Sunny South," the minstrel, with the interloper, the guests and the dusky faced end men and entertainers who performed admirably with song, music, dance and jest.

The second act consisted of dances, songs, and a host of specialty acts which added an undeniable zest to the thing and kept the audience convulsed.

There was an audience and a large one, to be sure. More than 1,000 persons heard the call for the hospital cause and responded. Needless to say, they were not disappointed as the show was well worth the donation. This evening the performance will be duplicated and it is expected that an even greater number of persons will attend this second and final presentation.

Excellent Cast. To mention every one who was "good," as the term goes, would be useless. There was a large crowd of performers working as a single unit to make a success of the performance (Continued On Page Two)

Squirrel Family Having Good Time At Court House

Five fox squirrels were having a gay time on the courthouse lawn this morning, papa, mamma and three children. The children were discovered several weeks ago when the home of Mr. and Mrs. Squirrel was being replaced by a modern structure.

The same baby squirrels were then more than half grown, but it was not until recently that their parents permitted them to go out.

They are now about two-thirds grown, have beautiful fur coats and large, bushy tails.

They are still rather shy, but are getting accustomed to their surroundings and are expected to be as tame as their parents.

Wealthy Adopted Youth Is Held In Death For "Thrill"

Richard Burrows, 19, Adopted Son Of Wealthy Chicago Stock Yard Broker Held

ADMITS SLAYING MAN WHO BEFRIENDED HIM

Youth Has Led More Or Less Notorious Life; Recently Asked Father For Aid

(International News Service)
DENVER, Colo., May 15.—

Richard Burrows, 19, adopted son of Walter M. Burrows, wealthy Chicago stockyard broker, was in custody today as a "thrill killer" and Denver police asserted he has confessed to slaying a motorist who befriended him.

The victim was Jack Martin, of Mesa, Ariz., the slaying, according to the youth's reported confession, was committed near the desert town of Aguilera, fifty miles east of Phoenix, Ariz., on April 25.

Police said young Burrows, forced off a freight train in the desert near Wickenburg, Ariz., was picked up by Martin, whom he shot to death with a revolver, driving away in Martin's car after flinging the body into a ditch.

"I did it on the impulse of the moment," Burrows told authorities today.

Climax Of Quiz. The confession of the youth came as the climax to three days of questioning.

Burrows was broke, according to his story, and he confessed that he killed Martin for money, authorities said. He got \$40. The shooting was done with Martin's own gun which had been displayed to the youth, according to the confession.

A search is under way for the body of Martin.

Burrows' predicament was the result, according to his story, of a "lark" upon which he and his classmate, Milton Drucker, launched after running away from St. John's Military Academy, where the two were students.

Pair Arrested. The pair first went to Chicago where Drucker got his mother's automobile, and they started west, they went to St. Louis, Denver, Raton and thru Arizona. At Phoenix, the pair was arrested on orders from Drucker's mother. She came after him, and after selling the automobile, took Burrows' companion back to Chicago.

Burrows, alone, and without a cent of money, decided to "bum" his way back to Chicago and get a job. By mistake, he got aboard a west-bound freight train, and after riding several hours, he was put off by the train crew. Soon afterwards, he met Martin, who offered him a ride.

CHICAGO, May 15.—Walter M. Burrows, wealthy foster father of Richard Burrows, youth held in Denver for murder, said he had last heard from the boy several days ago when he received a telegram requesting \$25.

Mr. Burrows said he responded by telling his foster son to "get a job, settle down and make a man of yourself." The boy was subject to fits of melancholy, he added.

The boy, said Mr. Burrows, was adopted from an aged grandmother in St. Joseph, Mo. His name before adoption was Richard Merle Hicks.

A message from Delafield, Wis., reported that Burrows was expelled from St. John's Academy for failure to keep up with his studies.

(BULLETIN I. N. S.)
CLEVELAND, May 15.—At least 20 persons

perished according to first reports, when fire, resulting from an explosion in the X-ray room, broke out in Cleveland Clinic hospital in the eastern part of the city at noon today.

Other estimates placed the casualty list at least 50 dead and 50 injured. An International News Service reporter on the scene said he had counted 20 bodies. It was difficult to distinguish the living from the dead, however, as firemen carried the patients from the burning building on stretchers.

A scene of indescribable confusion and pandemonium followed the explosion. The hospital, headquarters of Dr. Crile, is one of the most modern and completely equipped in the country and in some respects is said to be ahead of the Mayo Clinic. It was (Continued On Page Sixteen)

Pennsylvania Railroad Buys Controlling Stock In Big Bus Transports

Greyhound, Yellow, And Philadelphia Rapid Transit Stock Is Acquired

Bus Acquisition Gives Pennsy Coast To Coast, Canada To Mexico Service

(International News Service)
PITTSBURGH, May 15.—Reports long current, that the Pennsylvania Railroad had gained a controlling interest in the Greyhound, Yellow and Philadelphia Rapid Transit System, received additional confirmation here today when it was learned that W. L. Burt, assistant train master, had announced to the chamber of commerce of Elizabeth, N. J., last night the acquisition of control of the bus lines.

For some time it has been rumored that the Pennsylvania had been buying into the lines, and officials of the road today said that these reports were true, although they did not state whether the stock purchased gave the road a controlling interest.

Acquisition of the bus systems will give the Pennsylvania a transportation system extending from coast to coast and south as far as Miami, Fla.

FRIEDRICHSHAFEN, Germany, May 15.—Only one member of the passenger list of the giant German dirigible "Graf Zeppelin" was undisturbed today by the international red tape which prevented the ship from taking off at the scheduled time for its third trip across the Atlantic.

The unaffected one was "Miss" the female gorilla, which is destined for the Chicago Zoological Gardens. "Miss," who will be the first gorilla ever taken across the Atlantic in a Zeppelin, did not seem to care particularly one way or the other, but all the others concerned in the expedition spent the early hours of the day in tearing their hair and chafing under the full day's postponement of the start.

Will Leave Thursday. The Graf will leave for Lakehurst, N. J., at 6 o'clock tomorrow morning. German time, it was announced this afternoon by Dr. Eckener.

Dr. Eckener expects to reach Lakehurst late Saturday evening or Sunday morning, estimating that the voyage will take from 65 to 70 hours. The Graf probably will fly over (Continued On Page Seven)

Philadelphia Police Battle College Boys

(International News Service)
PHILADELPHIA, May 15.—Philadelphia's police today were firm and steadfast opponents of manifestations of college spirit.

They adopted their attitude after battling last night with five hundred University of Pennsylvania students who used eggs, torpedoes and automobiles in a celebration that kept the cops busy dispersing them for a couple of hours.

Automobile and trolley traffic was interrupted by the skykicking students and residents of the neighborhood at 37th street and Woodland avenue finally called the police to stop the noise.

One youth giving his name as John Barger of New Rochelle, N. Y., was arrested and held on a disorderly conduct charge.

Boys Set Fire To West Side School

Union Township Structure Saved By Quick Work Of Capt. Campbell

Boys playing with matches set fire to the Union township school at Carson and Round streets just at the end of the West Side street car line on West Washington street early yesterday afternoon and only the prompt arrival of Capt. Campbell of the Sixth ward department averted a disastrous blaze.

The boys had pushed a lighted match through a hole where the still had rotted out in the rear of the building igniting some paper underneath. Neighbors noticed smoke coming from the building and called Chief Lynn who sent Capt. Campbell to investigate. Securing a garden hose from a nearby house he extinguished the fire.

Had the blaze started at night and in dry weather the structure might have been entirely destroyed. The school was not occupied the term having ended several days ago.

MINSTREL AND REVUE AS HOSPITAL BENEFIT SCORES FINE SUCCESS

which consisted entirely of local talent and to name one person without another would be unjust as well as folly.

One has to mention several of the leads in the minstrel and revue and these players, Tully Clazza, Hazel Barrett, Cecilia McCoy, Nellie Brady and the side-splitting end men, Joe Love and Harry Elwell, merit focus in New Castle's stage realm.

The show started promptly on time and immediately the 23 men in the minstrel and the 15-piece orchestra directed by Abe Levine took the stage and held it for some time.

Listed among the guests at the minstrel were Glenn Evans, Ralph Bakin, Harry Masters, Clarence Reese, Chester Biddle, Lew Sweet, David Jones, Paul Weiss, Lew Morgan, Bert Sanford, A. O. Jones, James Laverick, William McCombs and R. D. McCullough.

The black faced entertainers included Harry Elwell and Joe Love, end men, and Al Evans, Hayden Jones, Oscar Brown, Thomas G. Blake, James S. Cameron and William H. Jones.

Hess Interlocutor. Herman Hess acted as interlocutor and for over an hour there was music just between the middle man and his black faced supporters. The minstrel proper consisted of solos, group and harmony songs, songs by the black face end men and clogs.

From the guest chorus, solo parts were taken by Bert Sanford, Paul Weiss, Chester Biddle, Harry Masters, William McCombs and the black face solo parts were headed by Harry Elwell, Al Evans, Thomas G. Blake and Joe Love.

The minstrel boys were ably supported by the orchestra and after an hour of jest and song, they made their finale in the way of "Dixie" and the stage was open for the revue specialties.

Magician Is Good. E. E. Wingrove, a magician of no little talent, headed the revue with a program of making things disappear and appear at the same time and had an uncanny knack of getting things in places that bewildered the audience.

His act was one of the higher spots of the entire show and the magician was supported by Misses Ruth Dearth and Betty McCart, as well as Lewis Jenkins, a comedian who ranks with the best.

Next followed 15 skits or scenes or specialties, call them what you will. Each little act was complete in itself and the farther they went, the more humorous they became.

Miss Nellie Brady, assisted by Miss Cecilia McCoy and a group composed of Nina Strong, Peggy Dent, Peggy Griffith, Emma Montanari, Mattie Chapman, Ruth Calahan, Gertrude Harbert, Mary Way, Mary Suber, Maxine Bollard and Ruth Phillips presented many dance numbers.

Then there was Tully Clazza, Hazel Barrett, Mildred Ridley, Al Evans, Harry Elwell, Clarence Reese, Lew Jenkins, Sam McCreary, Mary Feltton and the quartet of David Jones, Chester Biddle, Lewis Morgan and Bert Sanford and this group assumed the responsibility of the rest of the program of short acts.

The skits started off with Nellie Brady and girls making "Whoopee," the "Mis-fit" by Hazel Barrett and Mildred Ridley. This was followed by special dances by Misses Maxine Bollard and Ruth Phillips, Tully Clazza, Al Evans and Cecilia McCoy featured next in the "Man Next Door."

The two black faced end men, Love and Elwell, followed with a pugilistic verbal encounter. The remainder of the scenes pertained to domestic happiness and such things as have to do with the squelching of it. Taking part in these scenes were the group mentioned above.

Between the first and second acts, Attorney Thomas W. Dickey spoke briefly and explained the purpose of the show and mentioned those persons who were directly responsible for the success of it. Attorney Dickey also gave a report on the results of hospital workers during the past few weeks.

The minstrel was staged under the direction of Bert Sanford assisted by David Jones while the revue was directed by P. J. Iodice assisted by Tully Clazza. Music for the affair was in charge of Abe Levine and dances were coached by Miss Nellie Brady.

David Fisher and R. D. McCullough have been working as the head committee in charge of arrangements and publicity.

REAPPORTIONMENT FIGHT STARTS IN SENATE CHAMBER

(Continued From Page One)

Senate would set up a federal farm board with broad powers to stabilize agriculture. It would have a \$500,000 revolving fund at hand to make loans to cooperatives and other marketing organizations. Giant stabilization corporations would be established by the bill, to be financed by the government, for handling surplus crops and to export overflow production. The debenture, added by the senate, would be invoked in time of emergency and under it, a bounty be paid on exported surpluses equal to half the tariff on any particular crop. This provision led to most of the fireworks in the senate's debate.

On the final roll call in the senate, 21 Republicans and 33 Democrats voted for the measure while 31 Republicans and 2 Democrats voted against it.

The senate debate ended in a desultory fashion. A score of amendments were voted down and another score were abandoned. A few were adopted. Some of the major questions, raised at the outset of the farm fight, such as adoption of the equalization fee, passed by the board without being considered. Senators generally seemed to have lost interest in the battle following adoption of the debenture plan.

Meanwhile, skeletonized infantry units from Fort Hayes, O., Fort Benjamin Harrison, Ind., and Fort Thomas, Ky., were getting ready for the land operations in which they—and a lot of colored paratroopers—will pretend they are 400,000 soldiers besieging a city. The land operations are not slated to get under way until about Friday.

Half of the units will compose the "blue" army which will attack the city, opening the battle along the Darby river west of Columbus. The other half will be the "red" army, valiantly defending the city although they are already slated, by decree of the board of strategy, to lose the first couple of days skirmishing.

First Bottle Helped Her
Keeps On Taking Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"I always use Lydia E. Pinkham's Vegetable Compound before and after childbirth. I am a mother of three children—two little girls and a baby boy. I would get run-down, nervous, dizzy and weak sometimes so I had to lie in bed. I would take the Vegetable Compound as a tonic and I always saw an improvement after taking the first bottle. I found it to be a good tonic. I always recommended your medicines to my friends and I cannot speak too highly of them."—Mrs. Anna Lourenson, 1807 S. Front Street, Phila., Pa.

Mellon Rumors.
Expensive Prohibition.
Switzerland Votes Wet.
Chewing the Clippings.

By ARTHUR G. BRISBANE
(Copyright, 1929, King Features
Synd., Inc.)

Wall street "enjoyed" a bad day Monday, thanks to rumors, and perhaps a few facts.
One rumor told of Mr. Mellon's resignation. Mr. Mellon is not that sort of person. When he is through with his job and feels like attending to his own business, he will resign. Nobody will crowd him into resigning.

When he does resign the people should find a way to show their gratitude for service rendered by the ablest secretary of the treasury in the history of the United States.

There is "always good in evil," and little lumps that saw values shrinking Monday will perhaps find comfort in the fact that the price collapse meant happiness for Federal Reserve gentlemen.

They had not been very successful in efforts to smash the market thus far, and even a little success must be gratifying.

In 1928 this government spent \$536,000,000 trying to enforce prohibition.

The money would have been well spent had the spending made the people temperate.

Unfortunately all of the millions, and all the shootings have not interfered with the operations of 32,000 speakeasies in the city of New York alone. They have not interfered with the operations of drug peddlers, or the working of tens of thousands of private whisky stills.

Instead of spending millions trying to enforce prohibition, the nation might class gin, whisky and other alcoholic poison with deadly drugs and class light wine and beer with food. The law would be derived from the regulated sale of both. That is what Thomas Jefferson advised it might be worth trying.

Every one of the 24 cantons in Switzerland voted against prohibition and local option. The Swiss, a small people, have ruled themselves and kept as sober as they cared to be for many centuries.

The proposed prohibition law would not have affected beers and wines. European countries having always used them temperately, do not call them "intoxicating."

The Swiss, in every one of the 24 cantons, expressed the opinion concerning strong alcoholic liquors that they would continue to drink or not drink them as they thought best, rather than let some law decide it for them.

The fight against drugs is particularly difficult.
A prisoner in California received several newspaper clippings, editorials containing lofty advice.

The prison chief said, "You can't have them unless the editor of the publication sends them to you direct."

The reason is interesting. Men seek newspaper clippings in a liquid containing strong drugs. The clippings are dried, then sent to convicts and the convicts, instead of reading them, chew them, and extract the drugs.

Ramsay MacDonald, head of the British Labor party, a self-educated and well educated man, urges Britons to vote for Labor at the coming election.

His vote will be very big. Lord Beaverbrook, who belongs to the many-time millionaire party, believes that Labor will poll the biggest vote.

Unfortunately for Ramsay MacDonald's sincerity and earnestness, theory is one thing and practice is another.

The Labor party went in to settle the nation's labor troubles, and almost immediately the country was plunged into the worst strike that England had. The Labor party left the coal industry of Britain apparently ruined, and tens of thousands of men have been out of work ever since.

Clemenceau has changed his book about to be published, and announces that it will contain no attack on Foch—the great marshal being dead. Clemenceau had attacked Clemenceau, the attacks based on the fact that Foch was a deeply religious man, and Clemenceau notoriously irreligious.

Clemenceau's lack of religious belief prevented his election as president of France after the war. Frenchmen, not very religious as a rule, have a saying, "I don't want my clergymen to bother me, but I don't want anybody to bother my clergymen."

Foch and Clemenceau, of course, will meet in Heaven, in the front row where good patriots sit together. And both will be surprised to meet there.

Foch by that time will know that but for Clemenceau there would not have been any "great Foch" victory for the French, and will probably consider that as important in the long run as technical religious belief.

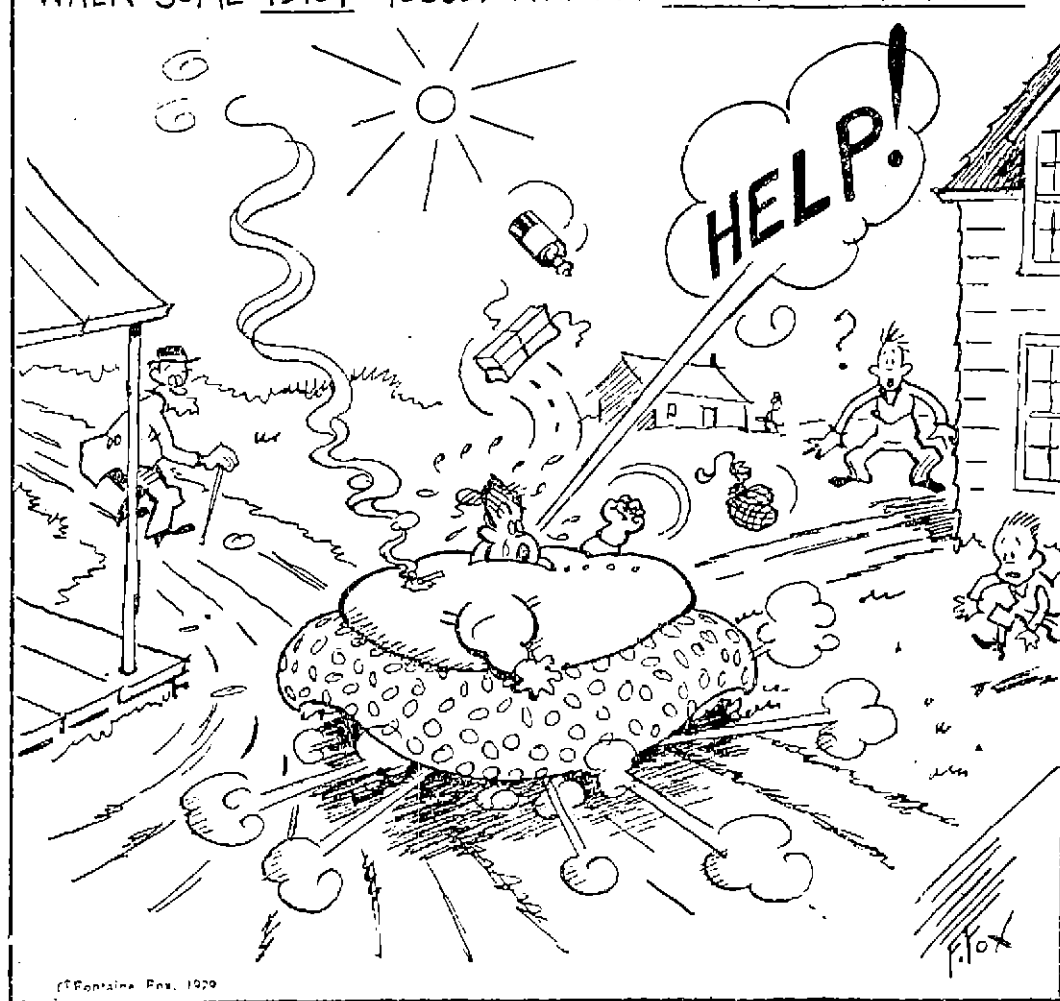

Life is like that. If you pick out a dozen sound apples, the next customer, trusting the merchant and luck, will get more than his share of rotten ones.

The survivor of the wreck always knows just how fast he was driving. Maybe that causes all the trouble—watching the speedometer instead of the road.

The funny thing about the anniversaries of the Greek letter fraternities is that no Greeks ever attend them. They just keep on running their places and never pay any attention to the reunions.

A Finnish minister at Portland, Ore., was beaten to death by four members of his flock who objected to something he said in a sermon. Some folks take serious more seriously than others it seems. The best way to do when a sermon is too personal is to look cross-eyed and appear unconcerned—Some even go to sleep.

Some folks would need penicillin, too, if every passing thought, climbed the fence to get a sample of their commodity.

Sometimes we get improved roads without any argument. Take for instance the widening of the New Wilmington road. The work was started almost before a lot of people knew it was to be done. It is said the highway department has in mind the widening of all roads going in and out of cities.

Bigotry.
Before his fire each mortal sits.
Guarding his precious little slits.
Which like a blood-stained dagger sits.
The tapestry of night.

Kneeling like one before a shrine.
He shouts in rabid glee.
Behold the one true light is mine.
You seek light, seek me!

And as he makes his boastful cry
Unnumbered campfires burn
Like a vast bivouac in the sky
With silent unconcern.

"Yes," said the section, "this handsome monument was erected by the grateful public to the memory of the man who spent his time telling other people what they ought to do and how they ought to run their business." You can tell a good lie now if you can think one up.

Another trouble with the girls of today is that they can't be made to believe that having a clear conscience is any better than having a past.

"How long have you been married?"
"Since the day before yesterday."

If I knew you and you knew me, If both of us could clearly see And with an inner sight, divine The meaning of your heart and mine, I'm sure that we would differ less And clasp our hands in friendliness, Would look each other in the face And see therein a truer grace; Our thoughts would probably agree If I knew you and you knew me.

Dear Fred:

Judge Martin called my attention to the publication of my new track work in your issue of yesterday. It was mighty nice of you, Fred, to give this matter, which so much concerns the Harmony Route and myself, such public attention and we are very much indebted to you for your very great kindness.

The Harmony Route has a very close relationship with your city both on account of serving good transportation and constantly announcing the name of your city to the general public throughout the territory and we trust our patrons will feel that we are doing our best to continue our former success, also that you have carried this important information to them.

Very truly yours,

Some prominent and big money making opera singers, female at that, have concluded to quit the footlights and go back to the farm. You can bet they are not going back to the farm to do any work. Some folks like to be on a farm just to see other folks work.

A Chicago man whose wife is suing him for a divorce keeps on sending her flowers, candy and other expensive presents, but she lets all this stuff sit in the hallways of her hotel and never touches it and refuses to ever see this ambitious and liberal bird. He says he still loves her dearly. We have an idea that he is sidetracked as far as she is concerned.

THIS LADY IS READY TO FIGHT
The Hints and Dints man has received the following letter from a former New Castle lady and the widow of a Civil War veteran:

St. Cloud, Fla., May 10, 1929
Mr. F. L. Rents—An enclosing clipping out of the Kinsman Gazette of this morning. It got my religion stirred up and I was ready to go on the lecture platform. That means war in education. They tried that

here but the principal was ousted. He did not get the school the next term. They celebrate Lee's birthday here and close the stores and banks.

Mrs. Sara J. Gent.

The clipping follows:
NEW ORLEANS, May 9.—The Louisiana division United Daughters of the Confederacy in session here today asked mothers who are members of the organization to discourage their children in the schools from observing Abraham Lincoln's birthday. The action came after a lengthy discussion among members on a resolution sponsored by Mrs. Jefferson Davis Weir of New Orleans, which deplored New Orleans school children participating in recent Lincoln memorial celebrations and their reciting "Lincoln at Gettysburg."

Live your life so it will not give other people much satisfaction and joy when you get into jail. Of course there will always be a few who will just love to see you in jail—or something.

I can't think of anything more useless than giving a man who has to hold them up with suspenders, a belt, unless it is giving a bridge playing wife a cook book.

Some men are money mad—others work that way because they'd lose their happy homes with their wives if they weren't able to keep up with the neighbors.

Mexico Is Nearer Stability In Opinion Of Outside World

Strength Of Present Civilian Government Impresses Public While Failure Of Military Insurgents Is Viewed As A Lesson

Collapse of the Mexican rebellion impresses observers in this country as another sign that the republic below the Rio Grande is progressing toward permanent stability of government. The uprising was no revolution at all," according to the LOS ANGELES EXPRESS, "but another of the many army insurrections from which for years Mexico has suffered. Its leaders have many of the same ambitions as was to secure political control for the sake of the perquisites with which political power below the border endows those by whom it is exercised." The Express believes that the move "had no appeal to the masses, such as had the uprising in 1910, when, under the patriot-dreamer, Francisco Madero, the people overthrew Porfirio Diaz, after more than a quarter of a century of his despotic if benevolent rule, and placed Madero in the presidency."

"In years gone by," recalls the KALAMAZOO GAZETTE, "almost any ambitious trouble-maker could count upon alienating the support of large portions of the Federal military force and converting them to his own purposes. This time, however, the campaign to overthrow the existing government seems to have left the average Mexican soldier as well as the average Mexican civilian—quite cold. Escobar and his colleagues in the rebel leadership have shown sound military skill, but that is the most that can be said for them. Their political judgment can best be represented by a cipher."

"A bloody and futile gesture, a misadventure reaching and trailing," is the judgment of the EL PASO HERALD, which offers as its analysis of the situation: "The rebels gained comparatively little support in the central and southern states. When they concentrated in the northern states against the power of the Federal government, it seemed their chance of success was gone." The HARRISBURG PATRIOT concludes that the revolution "had no chance of success if it lacked a cause," and the UTICA OBSERVER-DISPATCH holds that the generals, "seeking power and wealth, trumped up alleged issues with which to inflame the people."

"Whatever their political views or preferences," says the MANCHESTER UNION, "the Mexican people are tired of revolution and ask nothing more than an opportunity to cultivate their plot of ground undisturbed." The ST. LOUIS GLOBE-DEMOCRAT feels that "apparently disgruntled rebels preferred to endure the ills they have rather than to fly to others they know not of. Apparently," continues that paper, "though restless under what is regarded as hard grievances, they have come to think that there are better ways of redressing grievances than through civil war."

"The people seem to have been indifferent," says the CHICAGO DAILY NEWS, "or else they realized that the constitutional government was stable and had the power to suppress the rebellion with an iron hand. At all events, none of the proclamations of the rebel leaders presented an issue against the government, that from the point of view of unpledged observers was worth fighting for." The BUFFALO EVENING NEWS observes that the revolt dwindled rapidly, offers the comment that "it has afforded opportunity for a display by the one-time school teacher, Calles, of qualities of generalship hitherto unsuspected."

"As enlightenment spreads among the Mexican masses, their readiness to lend themselves to the designs of revolutionary warsters will diminish," declares the WORCESTER EVENING GAZETTE, while the PASADENA STAR-NEWS advises that "there is no abuse or condition down there that justifies armed insurrection," and the HOUSTON CHRONICLE sees indications that the plain people of the republic south of the Rio Grande are getting "pragmatic" well tired of generals who save their skins at the expense of their followers."

"Mexico will carve out its own place in the world of nations," the PORT WORTH RECORD-TELEGRAM pro-

phets. "The Mexicans are installing public schools and generally scheming among themselves as the Filipinos conducted themselves under benevolent assimilation. There is more rational because there is less directive energy. But the stocks are very similar and their reactions are almost parallel. If the United States will permit Mexico to let steadily in her path that surely traveling aggregation of human beings will find its own good way into the ports of civilization."

"The Calles-Gil party has proved its strength beyond the shadow of a doubt," avers the CLEVELAND NEWS and the DALLAS JOURNAL thinks that "the revolt will prove to be worth many times what it cost if it should assure to Mexico relief from military politics."

"The present regime in Mexico City," says the NEW YORK SUN, "has given impressive evidence of strength. The revolutionary habit has had a severe repulse. The views of the last two months would seem sufficient to discourage it for some time to come." The BALTIMORE EVENING SUN is convinced that "the fate of this attempt will make other ambitious generals hesitate" that "Mexico is today nearer settled government than she has ever been before."

A point which is emphasized by the JACKSON CITIZEN PATRIOT is that "for the first time in Mexican history a president who was not a military leader, and was not selected by the army, has established himself. General Gil was named to succeed President-elect Obregon, a lawyer, when he was assassinated. Obregon's election seemed unfairly to promise the end of the military game. Gil, named at a special election, was pledged to carry on where Obregon left off."

That the condition of peace may not be permanent is the conclusion of some observers. "A truce until the general unrest produces another revolutionary outbreak," is the view of the INDIANAPOLIS STAR. The CHARLESTON DAILY MAIL believes that "until the military oligarchy is wiped out hope of progress is vain." The LEXINGTON LEADER also thinks that "the sad part of the story is that further outbreaks are certain to take place."

The World AND THE Mud Puddles

COST OF CHILDREN.
Life Insurance Companies have recently been gathering statistics on every state in the Union to learn how much it costs to rear children.

Life insurance companies are very much interested in learning this cost for Life Insurance Companies sell policies of insurance protecting the earning and educating of Young America, both male and female.

In the average of the whole United States, it was found that it costs parents about \$10,047 to rear a girl from birth to the age of 18 years, boys cost slightly less. The average of qualities of generalship hitherto unsuspected.

phets. "The Mexicans are installing public schools and generally scheming among themselves as the Filipinos conducted themselves under benevolent assimilation. Birds
By LAURA SMITH

The nature lovers of New Castle are having a rare treat during the last few days in watching the large numbers of migrating birds that are in this vicinity at the present time. Every wooded spot, every garden, every day to our windows for peanuts. We have also seen some Towhees, the shade trees and patches of shrubbery on our own lawns are welcome stop-overs for these birds.

Yesterday while we were having our dinner, four varieties of these birds straggled outside of our windows. They were the Magnolia Warbler, the Maryland Yellowthroat, the Chestnut-sided Warbler, and the Pennsylvania Warbler. This is the first time that we have known these birds to visit us and we were glad to add them to our bird list.

White-crowned Sparrows, White-throated Sparrows and Cedar Waxwings. And today we have been watching the little Black and White Warblers pecking around over the tree trunks in much the same manner as the Downy Woodpeckers and White-breasted Nuthatches. A pair of Rose-breasted Grosbeaks also crested us this morning from the elm tree near the house and the Baltimore Oriole with its brilliant orange and black plumage has been attracting attention with its lively song.

Early this Spring we saw an occasional Cardinal and for weeks we had a pair of Blue-jays that came every day to our windows for peanuts. We have also seen some Towhees, the shade trees and patches of shrubbery on our own lawns are welcome stop-overs for these birds.

For several years past we have seen the Tufted Titmouse, the Black-throated Blue Warbler and Blackburnian Warblers but this year we haven't yet been honored by a visit from them.

There are also quite a number of them.

Reserve Officers Meet On Tuesday

Numerous Addresses Are
Made At Dinner
Event In City

APPRECIATE WORK OF CAPTAIN CRAIG

Monthly dinner meeting of the Reserve Officers Association, held Tuesday night at the Elks Club, was one of unusual interest.

It was featured by the excellent address by Lieutenant J. E. Lilley, regular army instructor of the 12th Infantry, N. G. P., located at Grove City, on the "Infantry in Attack." He went into detail and his remarks were most instructive.

Plan Appreciation Dinner
At the business session, held with Major Lewis E. Burnside, the president, presiding, the following committee was appointed to arrange for what is to be known as the appreciation dinner, to be held under the auspices of the chapter and open to others than members. The committee consists of John D. Kennedy, New Castle, chairman; Sylvester J. Kramer, Rochester; R. C. Gregory, Grove City; John Mosley, Sharon; C. E. Imbrie, Butler, and L. C. Barnhart, of Ellwood City.

Harry K. Bell was elected as an honorary member of the organization during the business session. The question of summer meetings was brought up and thoroughly discussed and it was decided to dispense with the dinner meetings in June, July and August.

Captain R. C. Gregory called attention to the fact that at the state convention the last of this month at Conneaut Lake there would be pistol shooting matches and that the chapter should have a team. He was named as head of the chapter team with power to select his teammates.

Sylvester J. Kramer of Rochester, delegate of the chapter to the national convention at Indianapolis, Ind., made a very thorough and interesting report of the proceedings of the national convention and the things that may be expected as a result of the convention.

The meeting was then turned over to Captain R. C. Gregory as chairman.

of the evening, and he called upon Major C. B. Shaffer of Pittsburgh, vice president of the Pennsylvania Reserve Officers Association and chairman of the state convention and center camp, to be held at Conneaut Lake the last of the month.

Shaffer spoke in interesting detail of the program of the convention and the fact that hundreds of reserve officers from all parts of Pennsylvania would be in attendance. There would be something doing in entertainment and instruction all the time, he stated.

Captain M. L. Craig, in charge of the R. O. T. C. work in this district, then spoke of his work of the past four years here, the kindly co-operation that had been given him, and urged the members of the association to keep up their interest in the work.

The address of Lieutenant Lilley of Grove City followed. Colonel Fred McCoy of Grove City and Captain Ray McKay, plans and training officer of the 12th Infantry, also a member of the legislature from Mercer county, were called upon for remarks and expressed their appreciation of being present. Dr. W. Fulton Jackson then spoke of the coming state convention at Conneaut Lake.

Appreciate Capt. M. L. Craig
The meeting was brought to a close with instructing Lieutenant Pat J. Dempsey to write a letter through the 99th division headquarters expressing the appreciation of the chapter of the work of Captain M. L. Craig and asking that the R. O. T. C. work be continued in the future on the same active basis.

Those in attendance last night were Lewis E. Burnside, Major Engineers; Caberton B. Shaffer, Major Engineers; W. Fulton Jackson, Captain Dental Reserve; H. McC. Burrows, First Lieut., Ord. Res.; John D. Kennedy, First Lieut., Fin. Res.; J. R. Cooper, Major, Med. Res.; Pat J. Dempsey, First Lieut., M. A. Res.; Roy C. Gregory, Capt., Engineer Reserve; Albert H. Veitch, First Lieut., C. A. Res.; Orville Brown, Sec. Lieut., F. A. Res.; Arthur B. Foster, Capt., B. Comp., 25th Infantry; Jay L. Reed, First Lieut., Den. Res.; Raymond O. Lutz, Capt., Den. Res.; Sylvester J. Kramer, Second Lieut., F. A.; Maurice Resnick, First Lieut., C. W. Res.; Melvin L. Craig, captain F. A. (DOL); Lawrence C. Barnhart, Second Lieut., Sig. Res.; Lt. Col. Fred McCoy, N. G. Res.; Captain Ray McKay, 12th Infantry; Lieut. L. E. Lilley, Reg. Army; Roland N. Haines, Sec. Lieut., Infantry Res.; H. K. Bell.

BLACKFACE COMEDIAN

TOMMY BLAKE

Tommy Blake is a blackface end in the minstrel part of the Janssen hospital benefit show, being shown at the Calcestral for the final time tonight. If Blake ever loses his job of directing the sales of ice cream he can go on the stage and make a living. Blake possesses a rare sense of humor and his work as an end man in the minstrel is well taken care of. Didn't know that Tommy was a singer, but he is—and how! Blake is an old favorite with lovers of minstrel shows in New Castle. Eddie Cantor and Al Jolson will have to move over and make room for Mr. Blake.

Bell Officials Inspect Plant

General Manager Chesterman
Of Bell Telephone Co.
Is Visitor In City

BIG IMPROVEMENT BEING MADE HERE

F. J. Chesterman, vice president and general manager of the Bell Telephone company was in New Castle yesterday. He was accompanied by C. R. Frechaser, general commercial manager; H. C. Kunkel, general plant manager; W. B. Brush, general traffic manager; G. B. Deitz, assistant auditor of receipts; C. Montague, division manager; H. R. Clegg, division plant superintendent and R. M. Klepper, division traffic engineer, from Pittsburgh.

The day was spent in conference with district heads regarding the telephone situation in and around New Castle. Mr. Chesterman was very much interested in the progress being made in the installation of the six positions of switchboard and the new power plant which is being installed in the New Castle Central Office at a cost of \$85,000, to provide for service needs during the next few years. He expressed himself as very well pleased with the conditions found.

Mr. Chesterman stated that work had been started on the Pittsburgh-New Castle underground conduit which at first will extend from Pittsburgh to Zelenople along the improved Perry highway. Later this conduit will be continued to New Castle, thus placing the future Pittsburgh-New Castle cables underground.

Local arrangements for the meeting were in the hands of W. R. Bingham, district manager; C. A. Bolen, district superintendent of plant and M. S. Albertson, district superintendent of traffic.

Two Boys On Bicycle Struck By Automobile

Lewis Davis was enroute south on Mercer street at North street, on the green light about noon today, when two boys, Donald Williams of Grant street and Pat Cooney of Locust street, riding the bicycle of Harry Allmon, rode in front of his machine, before he had an opportunity of stopping or turning out to avoid the accident.

The boys were knocked off the bicycle, the Williams boy escaping injury but the Cooney boy sustaining slight scratch and some bruises of a minor character. Mr. Davis took the injured boy to a physician, where it was found that his injuries were of a minor character and then to his home. The bicycle was somewhat damaged.

ZEPPELIN WILL START THURSDAY ON OCEAN TRIP

(Continued From Page One)

Basle, the Loire valley, Cape Finisterre, proceeding westward over the Atlantic north of the Azores. According to this route the dirigible would strike the Virginia coast, flying thence to Washington, D. C. and New York, then to Lakehurst. This same route was followed over United States soil

when the Zeppelin made its previous flight to America.

Reasons Are Vague

The actual reasons for the postponement are still somewhat vague. At least, there are two sides to the story.

Dr. Hugo Eckener, pilot of the great dirigible, declared that the delay was necessitated by the tardiness of France in extending official permission for the Zeppelin to fly over her territory. France denies that she withheld permission or that she was late in setting the order through.

But the fact remains that the "Graf Zeppelin" was still in her shed today, at an hour when she should have been well on her way.

Plans Changed.

According to Dr. Eckener, France's permission was not received until 10 o'clock last night, at which time the entire ground crew had been sent away and told to report at noon today. When the order was received, he declared, it stipulated that the flight over French territory must be made between the hours of 7 and 9 a. m. so Dr. Eckener was forced to change his plans again.

As things stand now, the "Graf Zeppelin" will leave with a total complement of 59 persons, 20 passengers and 39 crew. Some of the passengers are highly indignant over the delay, reeling in the alleged tardiness of France nothing but international suspicion and the reopening of old war wounds.

Woman As Passenger

There is considerable speculation over the plans of Mrs. Henry J. Pierce, wife of a New York stock broker, who surprised everyone yesterday by dashing into the offices of the Zeppelin company after a spectacular automobile dash (through Switzerland, and planking down \$2,000 at the last minute for a ticket on the dirigible.

She held a lengthy trans-Atlantic telephone conversation with her husband, who is in New York last evening, and he is understood to have exhorted her not to make the voyage.

She still has her ticket, however, and all indications are that she will be among the passengers when the ship takes off.

Woman Not to Make Trip.

FRIEDRICHSHAFEN, May 15.—Mrs. Henry J. Pierce, wife of a New York broker who was the only woman to book passage for Lakehurst, N. J., on the German Dirigible Graf Zeppelin, changed her mind today and decided not to make the air voyage she told International News Service.

Her husband had urgently cabled her from New York not to run the risk of an airship flight from Germany to America, but Mrs. Pierce maintained her determination until this afternoon. Even then it was not absolutely certain she would not change her mind again.

"I am sending my husband a cablegram that I am not going on the Graf Zeppelin," said Mrs. Pierce. "But hasn't a woman the right to change her mind?"

Three persons who attempted to stowaway on the Zeppelin were arrested and will be prosecuted. A youth had made a similar attempt on Monday when Dr. Hugo Eckener, head of the Zeppelin works, announced that all future stowaways would be prosecuted.

Directs Revue

PETE J. IODICE

"Pete" J. Iodice is the man who whipped the revue into shape for the Jameson hospital benefit performance at the Cathedral and which had its opening last evening with decided success. Iodice is a veteran in the show business, having spent many years himself on the stage. He is now trying his hand at directing, and is meeting with fine success. The staging of a revue with amateur talent is one of the hardest "bits" of the show world, and Mr. Iodice is to be congratulated on his efforts with the "revue" part of the benefit. The show is to be repeated tonight.

Collector Pays Visit Here; Has Paintings Valued At Thousands

Did you ever walk into a small room and see at a glance a sufficient number of paintings that would have a total value of nearly \$200,000?

Such a thing could happen should you walk into the room of Pascal M. Gatterdam, collector of modern paintings from New York City, who is staying at The Castleton the remainder of this week.

Gatterdam, a prominent figure in the realm of painting, has with him in his room a number of paintings of such men as George Innes, John H. Twachtman, J. Francis Murphy, Childie Hassam, Bruce Crane, William Hirschel, R. A. Blakelock and a host of others whose names are like magic to the ear of a student of modern art.

One of the pictures that Mr. Gatterdam has in his possession is "Moonlight" by R. A. Blakelock, which is known as one of the finest of all modern paintings.

When one enters the private room of the collector, a blaze of rich color strikes the eye and from then on until you depart you are bewildered with the richness of the oils on a canvass here and another there, and yet another in a different part of the room.

Gatterdam, a collector, calling on clients in this section of the country, has kindly opened his private room to those who care to view these masterpieces.

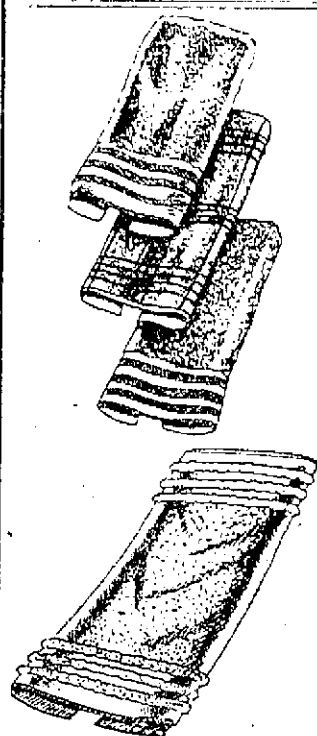

A number of school groups have scheduled trips to view the pictures, and already Mr. Gatterdam has entertained quite a number of local persons who are interested in painting and the collecting of fine paintings.

The strange thing about it all is that, situated in the very heart of a little room on the second floor of The Castleton are paintings which one could see only in some museum or gallery and that they are paintings of recognized and unexcelled excellence in the entire country.

McCullough And Fisher Behind Benefit Program

In the success of the minstrel show which opened Tuesday night in the Cathedral for the benefit of the Jameson Memorial hospital, many people have wondered who was back of it, who sponsored the idea and where the energy for the promotion of the show was coming.

The gentlemen back of it all have insisted that their names be kept out of the publicity but in fairness to them, they should be named today.

The idea of a minstrel show for the hospital originated in the mind of R. D. McCullough of the New Castle Printing company about a month ago. Realizing that the hospital could use funds he conceived the idea that a show of this type would provide entertainment for the public and funds for the hospital.

He laid the plan before Mrs. David Jameson, widow of the philanthropist who has given the hospital to New Castle. After looking the plan over Mrs. Jameson approved it and Mr. McCullough then interested David Fisher in the idea.

The two men went to work with a will but found that no organization wished to sponsor the idea. Undaunted by this they organized themselves into a committee of two and went ahead. Bert Sanford was asked to take over the minstrel end of the show and he readily did so. P. J. Iodice was asked to stage the revue and said he would.

Individuals were asked to sell tickets and went along with the idea, and according to Mr. McCullough the stores and business men of the city were especially willing to co-operate with the plan.

But back of all the various coordinated activities were Mr. McCullough and Mr. Fisher and to them should go the major portion of the credit for the success of the show.

They have worked unceasingly worked far into the nights and left nothing undone that would add in any way to the success of the affair. To them is due a lot of credit and that their work may be known to the public at large, this article is written.

Men's Club To Meet In Trinity Church Oil City Man Is Victim Of Suicide In Detroit River

Rev. Stryker, Rector Of St.
John's Church, Youngstown,
To Speak

Advance personal work indicates that the annual supper, meeting, election of officers of the Men's Club of Trinity church tomorrow evening at 6:30 o'clock will be a very successful affair.

Committees of men are continuing right up to the last minute to try to get a big crowd out to hear the Rev. L. W. Stryker, Rector of St. John's church, Youngstown, Ohio, without doubt the most gifted after dinner speaker among the clergy of the Episcopal church in this district. His career has been a distinguished one, having been Rector of large churches in big centers in four different states, a clerical deputy to the

last general convention and one of the foremost ministers in the Diocese of Ohio.

Men are asked to be prompt, that the supper may begin on time, enabling those who wish to do so to go to the concert, or the Field Club at 8:15 p. m. Every effort is being expended to start promptly, that there may be co-operation as regards these efforts in our city.

The supper is being served by the Woman's Guild, with Mrs. C. A. Donages in charge.

The nominating committee have canvassed the situation carefully and expect to present to the meeting the names of men who have served the club faithfully in the past, are enthusiastic about its future, and have consented to take office for the ensuing year.

Charles showed Detroit police a letter yesterday dated May 11 in which Fred stated he planned to jump off the dock at the foot of Twelfth street here. Police of the harbor master's crew dragged the river at that point and recovered the body.

Happy thought! Let Uncle Sam borrow a few billion from Europe and then he'll agree to cancel.

Present Concert At Westminster

College Orchestra And Oratorio Society Give Annual Program

Eldon C. Murray, violin and viola soloist in the Pittsburgh Symphony orchestra, was the special soloist at the annual concert of the Westminster College orchestra and oratorio society held last night in the New Wilmington United Presbyterian church. Mr. Murray played several violin and viola solos and assisted the orchestra by playing the viola scores.

A wide variety of selections was offered for the students, faculty, and townspeople. Included in the program were two numbers by the college orchestra, two numbers by the oratorio society, and seven numbers by Mr. Murray. The orchestra's presentation of the *Triumphal March* from *Aida* Verdi and the first and second movements of Beethoven's *Symphony* were excellent. The oratorio society impressed with its rendition of Dvorak's "Goin' Home" and Handel's "Hallelujah Chorus".

Mr. Murray played violin and viola selections from Handel, Schumann, Dvorak, Schubert, and Wieniawski. Miss Eleanor Graham, Pittsburgh, with Miss Claire Gross, Ligonier, assisting, were the piano accompanists. Professor Alan B. Davis, director of the conservatory, directed both the orchestra and the oratorio society. Professor Davis is also training the oratorio society for the presentation of the cantata, "Ruth" to be produced during commencement week.

Rail Hearing Is Set For June 24

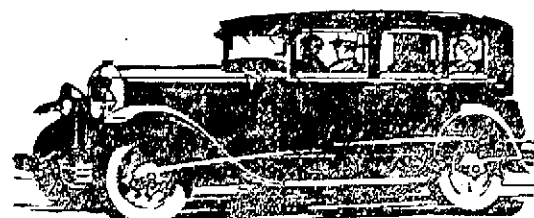

(International News Service) WASHINGTON, May 15.—June 24 has been set by the interstate commerce commission as the date for a hearing on an order directing the Pennsylvania railroad to show cause why it should not be required to divest itself of all interest, direct or indirect, in the capital stock of the Wabash and Lehigh Valley railroads. The date was fixed following the issuance of the commission's order late yesterday, in which it stated that the stock of the Wabash and Lehigh Valley was "now unlawfully held."

The commission charges that the Pennsylvania is holding this stock in violation of the Clayton anti-trust act. The complaint charges that from April 25, 1928, to June 26, 1928, the Pennsylvania indirectly acquired a large part of the capital stock of the Lehigh Valley, amounting to 365,000 shares of common stock, without the sanction and approval of the commission.

Dempsey Denies Hitting "Bennie"

It's Ridiculous Says Former Heavyweight Champ Regarding Joe Benjamin "Sock"

(International News Service)
NEW YORK, May 15.—There was no party. There was no fight. I've just been made the goat of a wild story.

Jack Dempsey Tuesday thus reiterated his version of the Joe Benjamin "socking" party at a local hotel on Saturday night in an exclusive statement to International News Service and added a few kind words for Mr. Benjamin to treasure in his after life.

"I only wish it happened 10 years ago," he said. "I'd be that much ahead of the game. I've carried him for 10 years. Now I'm through with him. He has got a lot of useful publicity out of this thing; so has everybody else except me. I've stood for a lot of things for 10 years, but this is too much. It's tough to be made the goat on a crazy story like that."

Admits Nothing.
"I had been out to the Anvil Chorus dinner and had dropped in on Gene Normile for a talk before going to bed. Without invitation Benjamin blew in with a hilarious party. They were noisy and bothersome, but I was writing a few wires and didn't pay any attention to them. If anything happened, and I'm not admitting that anything did, I had nothing to do with it. Where would I get off hitting a guy like that?"

Commenting on a despatch from Los Angeles which quoted Dempsey's wife, Estelle Taylor, as saying that their only disagreement had been caused by his gambling losses at Agua Caliente, Mexico, Dempsey said that he had "lost a few trifling hundreds," but that he had finished away ahead in his other ventures at the resort.

"I only had \$15,000 invested and I got that back, plus \$8,000 more," he said in conclusion.

FLYER SETS RECORD FOR HOPS OVER MOUNTAINS
(International News Service)
CHICAGO, May 15.—When Clair Vance veteran Boeing pilot recently completed his eighteen hundredth hop over the "hump" a name given the summit of the Sierras between Reno, Nevada and Oakland, Calif., he established a national record for hurdling mountains.

On his daily flight with air mail and passenger transport plane Vance goes from sea level to 12,000 feet. On the 1,800 trips he has had only one forced landing.

To its credit, since the country went dry, the pretzel industry has made no request that it be subsidized.—The Detroit Free Press.

Blood Transfusion Volunteer Sought

Hospital Issues Call For Volunteer To Save Life Of Aged Lady

In the Shenango Valley Hospital there is an aged lady today, whose life is despaired of. Medical science has done everything it could, but there is one thing needed to keep the spark of life from flickering out.

That one thing is verile blood, transfused from some young person who is healthy and strong.

With a blood transfusion the aged lady's life is to be saved. Without it she will die.

Is there any young man or woman in New Castle who is willing to undergo a blood transfusion in order to save a life? The person who is accepted for the transfusion will be paid, but in addition to the money, there will be the satisfaction of helping to save life.

Persons who are willing to offer

themselves for the blood transfusion are asked to get in touch with the superintendent of the Shenango Valley Hospital, Mr. Brimmer, at once. The need is urgent and if the aged lady's life is to be spared, the transfusion must be immediate.

Famous Welsh Tenor Coming

New Castle Welsh Planning Reception For Visitor Here

OTHER NEWS NOTES GIVEN BY BRYTHON

By W. A. JOHN, BRYTHON
Word has just been received from South Wales to the effect that Prof. E. T. Wickelmas of Ynysydran, South Wales, was leaving his happy home at that place on May 10 and that he was sailing from Liverpool the following day for a trip to the United States. It is expected that he will land in New York on Friday, May 17.

He will visit different cities and towns of this country, while on his tour. Among other places, he has planned to visit in New Castle, the Tin City, which is widely known in England and Wales. Many Welsh people of this city are well known to Prof. Wickelmas and it is anticipated that arrangements will be made to have him entertain the people of this city with his wonderful singing.

He is one of the leading tenor singers of England and Wales, having spent more than thirty years as a soloist and singer. Many local singers knew him, among those knowing Prof. Wickelmas being William O. Lewis of Shaw street, Mrs. John Evans of South Mill street and others. When he arrives here, he will be tendered an enthusiastic reception.

Star of Wales Lodge No. 60, True Iovites of America, will hold its regular meeting Saturday evening May 18 at the lodge room in the Emmanuel Baptist church. The meeting will start punctually at 7:30 p. m. because of the great amount of business that must come before the lodge, including a number of questions that have been tabled for several weeks. There will also be reports rendered by a number of committees.

There is little doubt but that there will be a large crowd of Welsh people at the services of the First Congregational church on Sunday, May 19, to welcome and to listen to the preaching of Rev. Celtho Davies, who is on a preaching tour in this country. He is coming here after receiving great welcomes in Ulster, Scotland, Wilkes Barre and many points in Canada. He is a wonderful speaker, both in English and Welsh and many people will be present when he tells the old old story in the Welsh language.

Sunday, May 19, will be a red letter day in the history of the Emmanuel Baptist church, when the new pastor, Rev. Floyd M. Childs will be installed to the office of pastor of the church. At eleven o'clock, most of the time will be taken up by mem-

bers of the Sunday school and the pastor will make but a short address. Then at 2:30 p. m. the installation services will be held. Rev. George M. Landis, pastor of the First Baptist church, will act as the moderator of the installation service, and will also deliver the installation sermon. The choir will render two anthems under the leadership of William H. Richards, a solo will be given by Prof. Richard E. Johns of the First Christian church and the ministers from the South Side and some from the other parts of the city will take part. This meeting will be adjourned by prayer till 7:30 in the evening, when the installation service will be continued by the church, when representatives of each branch of the church will take part, the Sunday school, the B. Y. P. U., the Ladies Aid, the Boards of Trustees and Deacons, while the choir will render selections, and solo numbers will be given. The pastor and the congregation are looking forward to a grand time next Sunday.

Mrs. John Evans and daughter Miss Nettie of Mill street are back home again after a most pleasant trip to Cleveland, O., where they were the guests of Mr. and Mrs. Henry Badger and family. Mrs. Badger being the sister of Mrs. Evans and former resident of this city. They made the trip in the car of Thomas D. Richards of Warren, O., whose son John was at the wheel.

David Owens of Hamilton street is making his home at the present time with Mr. and Mrs. John Evans of South Mill street. Mr. Owens' wife and baby left recently for a trip to Wales and by this time have arrived at Swansea, Wales.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

For years the building has stood idle, its windows begrimed with the soot and dirt, and the clap boards getting more weather beaten as time went on. Apparently it was merely waiting for the wreckers, but there's life in the old girl yet. They're making a garage of it.

You can remember when the building was the New Castle Hotel. It was a sort of halfway station for the thrifty inclined between Washington street and Long avenue. Many a travel stained pilgrim, tracking the long path from the down town section to the South Side refreshed himself at the halfway station and been enabled to make the next filling station down at the corner of Mill and Long.

There was a day when the New Castle Hotel was the headquarters for the sports of the city. Those were the days when Tom Red managed it, and Red was a figure in the New Castle baseball team in the old O. & P. The players lived in the New Castle when they were playing home and as a newsie I can remember wondering what they did with all their money.

Jimmy Hagen stayed there. So did Schlatter and Rube Bowers, and Bill Smith and Jackson. Otty Abbott was a star outfielder in the O. & P. then, Samnitz had not yet gone to the Pirates, and Bill Steen was the "loast" of the town.

The New Castle Hotel was tied in with all these memories, for inside the lobby, seated in big leather chairs we could see the players sitting around after a game and wondering how much it cost to sit in those chairs.

Evil days fell upon the old place and it finally became a notorious place which was broken up only after some hard work on the part of the law. Then vacancy for years. Now it is going to be a garage.

If you didn't get to the minstrel show last night, you still have a chance tonight. Dig out one of those old rusty dollars, or two of them would be better and lay them on the line for a lot of amusement. Like some of the rest of you, I missed the show, myself, but it should be even better tonight. Let's all go.

Did a little roaming down through the Beaver Valley last night to Ambridge. The folks in that hustling little boro are rearing for the next census for new industry has added much to their population. The new Byers plant which is going up there will add hundreds of workmen and the residential district is spreading out towards the hill.

The scene along the river at night is a picturesque one. River steamers with fleets of barges in tow, hauling iron and steel and coal and ore, moving lazily down the stream, and looking from the hill road, like a lighted theatre curtain.

Gradually the bad road in the valley is being eliminated. Between here and Ambridge the way to go is to use the new boulevard at New Brighton which runs along the old railroad right of way, and instead of going through Rochester and Freedom, cross to Monaca at Rochester and use the new highway on that side of the river.

And as a closing reminder, don't forget the minstrel show tonight. Get yourself a dollar's worth of ticket and give your troubles the air. Help along a good cause and get a lot of chuckles going it.

May day in Berlin, however, developed a much smaller number of casualties than a peaceful Sunday in the United States.—The Sioux City Tribune.

THOUSANDS WATCH HER FAMOUS HANDS

Irma Wright, Champion

NEW YORK, N. Y.—Miss Irma Wright, world's amateur champion typist, demonstrates her speed and methods to audiences all over the country. Since the championship contest last September, huge gatherings in city after city have watched her skilled hands at work.

Her speeding fingers, so smooth and white, never betray the fact that Miss Wright keeps house... and washes dishes, too!

"I used to hate dishwashing," she says frankly, "because it left my hands embarrassingly red and so roughened that it reacted on my speed. Of course the soaps I was using were to blame. I knew that the minute I tried Lux in my dishpan, Lux felt entirely different from ordinary soaps. Lux suds were soothing!"

"And my hands were whiter and softer after doing the dishes than before! Now I wouldn't think of doing dishes with anything but Lux—Lux makes it so much easier to be both home-maker and champion."

Festival Choral Society Concert Thursday Night

Plans Being Made For Great Festival Of Music In 1930

On Thursday evening of this week, the people of New Castle will again have an opportunity to hear the Festival Choral Society in one of its delightful programs.

The society always sings music that everybody loves and sings it with a variety of style and quality of tone and shading worthy of the best professional organizations.

All the cities who have organized large choral societies have found not only a great improvement in the welfare of their people, but also, through musical activities on a large scale, festivals of music, with visiting symphony orchestra and world famous artists, the fair name of the city has been carried to the country at large.

Every ticket purchased for the concert, Thursday evening is a direct contribution to the success of New Castle's Festival of Music in 1930.

It is hoped that these preliminary concerts will net an amount sufficiently large to make it possible to meet the cost of a great Festival of Music in such manner as to enable the Festival Society to offer tickets at a fraction of their usual cost.

WASHINGTON, May 15—Civil war widows of New Castle who were granted increases of pensions through bills presented by Congressman Swick and approved by the President on February 13 will receive checks from the federal government covering the increases early in June.

There has been some delay in mailing out a number of the checks, but Congressman Swick has investigated the matter and has learned that the pension bureau will mail out all delayed checks along with the regular pension checks about June 4.

The checks mailed out in June will cover the regular fifty dollar monthly pension plus the increases accrued since the passage of the omnibus pension bill on February 13.

Tell Of Fine Addresses And Entertainment Provided At State Convention; Each Delegate Speaks

Reports of the 1929 Pennsylvania Lions convention, held at Altoona, on May 6 and 7, featured the regular weekly meeting of the New Castle club on Tuesday.

King Lion E. D. Marvin made the opening report and expressed his appreciation to the entire club for their support in the local's successful attempt to bring the 1930 meeting to this city. He also thanked others who had much to do with backing up the club.

Marvin reminded the club that it had a real job on hand in the planning for the next state convention. It is up to the local club to set the date, arrange local plans and burden the full responsibility of the convention, he said.

Lion William Mayberry contributed humorous resolutions to yesterday's program, which had to do with the New Castle delegation at Altoona. R. A. Wagner also spoke.

BLAME FIRE BUGS FOR COSTLY BLAZE

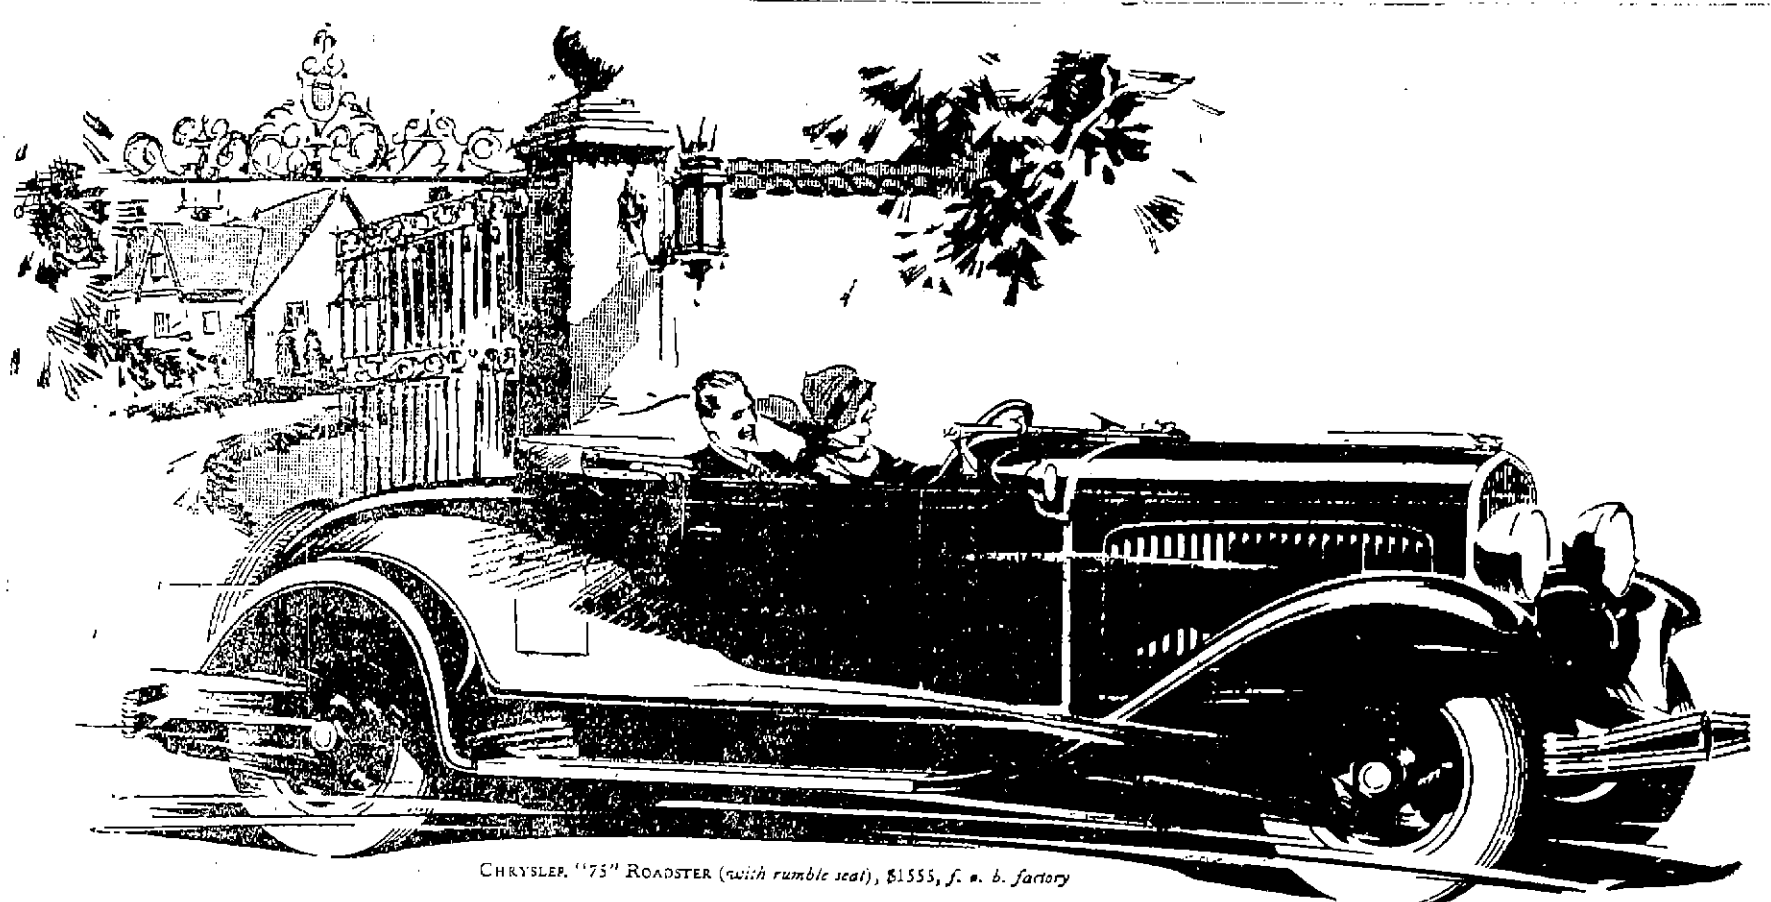

UNIONTOWN, Pa., May 15.—Incendiaries are blamed for the destruction of an eight-room frame house in Masontown, which first was wrecked by a double explosion and then consumed by fire which followed.

The building, owned by Camillo Estrella, formerly of Masontown but now of Camden, N. J., was entirely destroyed. The furniture, which was packed and ready for shipment to New Jersey, also was a total loss. The damage is estimated at \$7,000. About a month ago a blast attracted firemen to the scene and the back porch was found ablaze with unmistakable signs of gasoline.

The explosions rocked sections of Masontown.

A plain and inescapable fact in motoring today is that there is a real difference between Chrysler performance and all other performance.

Chrysler began, five years ago, with smoothness, speed and acceleration which at one single stroke obsoleted all previous conceptions of what motor car performance ought to be.

Since then, competition's best efforts have achieved merely an approximation of the results offered by the first Chrysler.

Chrysler engineering has gone steadily forward, improving and refining and bettering, so that Chrysler performance—whether "75" or "65"—today out-Chryslers even Chrysler.

All phases of Chrysler designing and engineering are carried out with absolute precision and balance—with the inclusion of new ideas, new re-

finements and new simplicities, growing out of endless research and a fixed habit of advanced thinking.

Furthermore, Chrysler durability and long life have been demonstrated in the hands of hundreds of thousands of owners through millions of miles of economical operation.

And all this performance, long life and economy of upkeep, together with Chrysler's individual beauty and style, are available in Chrysler "75" and "65" at prices far lower than those of other cars which seek to compete with Chrysler.

Pupils of Jacques Van Ipe, teacher of classical dancing, staged an interesting exhibition in the high school building last evening, which was much enjoyed by a large audience.

When a Child is FEVERISH, CROSS, UPSET

Colic, gas, sour belching, frequent vomiting, feverishness, in babies and children, generally show food is souring in the little digestive tract.

When these symptoms appear, give Baby a teaspoonful of Phillips' Milk of Magnesia. Add it to the first bottle of food in the morning. Older children should be given a tablespoonful in a glass of water. This will comfort the child—make his stomach and bowels easy. In five minutes he is comfortable, happy. It will sweep the bowels free of all sour, indigestible food. It opens the bowels in constipation, since 1875.

One Million Libel Suit Is Filed By Edward B. McLean

Washington Publisher Aroused
By Article Printed
in Philadelphia
Record

CHARGES PUBLISHER
AS DINNER NUISANCE

(International News Service)
WASHINGTON, May 15.—The
Washington Post carried an an-
nouncement on its front page today
that its publisher, Edward B. McLean,
has brought a libel suit of \$1,000,000
against the Philadelphia Record.
The suit is the outgrowth of an ar-
ticle published by the Record on Mon-
day, which referred to a dinner given
at the Belgian Embassy. It declared,
among other things, that Mr. McLean
was one of the guests, that he had
"dined too well," that he annoyed
some of the guests, and that after the
Post had criticized the ambassador in
its columns, President Hoover had
"squashed" the publisher.

Charges Denied.
Mr. McLean, in his declaration,
says:
"The plaintiff did not attend a din-
ner at the Belgian Embassy referred
to in the article hereinafter com-
plained of and did not at such dinner
dine 'too well,' and did not annoy
any guests at such dinner, nor shock
said guests, and did not subject the
Belgian ambassador to embarrassment
by reason of his conduct, and was
not requested to leave the din-
ner."

Further, the publisher declares his
newspaper did not print "any out-
burst" against the ambassador, that
he was not "squashed" by President
Hoover, and was not by any action
of the president's "put in his place."
The story published in the Record
is described by the plaintiff as "false,
malicious, defamatory, malicious, and
scandalous."

Council Not Agreed On Repaving Project

Some Believe Sewers Should Be
Improved Before Streets
Are Fixed

Should the city spend what little
money it has on sewers or improve-
ment of thoroughfares?
This is the question perturbing
council it was learned today.
Some favor expending money for
sewers and others believe that several
thoroughfares should be repaved and
paved.

It is known definitely councilmen
are not unanimously agreed relative
to the repaving of a section of West
Washington street.
When council convenes formally
Friday it is believed the bids will be
awarded or rejected.

State Treasurer To Make Address

General Edward Martin To
Address Business
Women Here

STATE LIBRARIAN
ALSO TO SPEAK

Plans Are Complete For
State Convention Ses-
sions This Week

DR. MILDRED ROGERS
Banquet Toastmistress

Only two men will be on the pro-
gram of the Business and Profes-
sional Women of Pennsylvania's
state convention which opens here
on Friday morning, but the two are
state officials who are widely known.
General Edward Martin, state treas-
urer and state chairman of the Re-
publican committee, is one of the
speakers and Hon. Frederick A. God-
charles, state librarian and formerly
a state senator, is the other. This an-
nouncement was made today by Dr.
Mildred Rogers, immediate past pres-
ident of the New Castle Business and
Professional Women.

The two state officials are being
brought here by the Harrisburg club
of the Business and Professional
Women. Mr. Godcharles will speak
on Friday afternoon at 2:30 o'clock.
His subject being "Heroes of Penn-
sylvania," a subject with which he is
familiar, having given many years to
the study of Pennsylvania history
and characters. As state librarian and
director of the state museum Mr.
Godcharles has a fund of informa-
tion on his subject and his address
will be most interesting.

State Treasurer Martin
The appearance of State Treasurer
Martin will be the first he has made
here in several years. He will speak
on Saturday morning at 10:15, his
subject being "Taxation." General Mar-
tin is a resident of Washington, Pa.,
and during the World War was a
colonel of the 110th infantry reg-
iment, 28th division. He served four
years as auditor-general of the state
and is now entering upon his first
year as state treasurer. He has
served as chairman of the Republi-
can state committee for about 18
months.

The program for the convention
shows a continued list of activities for
the delegates who will attend this
affair. Opening at 8:30 o'clock Fri-
day morning, the program calls for
something doing almost hourly until
the close of the convention on Sun-
day.

Probably the most colorful event
of the convention will be the annual
banquet which will be held Saturday
evening in the Cathedral, at which
Dr. Rogers will be the toastmistress.
The two speakers of the evening will
be Judge Florence E. Allen of Cleve-
land, O., the only woman member of
a state supreme court in the United
States. With her will be Miss Helen
Havener, editor of the Independent
Woman, the official organ of the
Business and Professional Women.
Officers for the coming year will
be elected on Saturday between 11:30
and 12:30 o'clock. The present state
officers include Mrs. Helen M. Schlu-
ruff of Erie, president; Mrs. Beulah
T. Manley of Williamsport, vice presi-
dent; Miss Mary R. Lyte of Lancaster,
Pa., corresponding secretary; Miss
Helen A. Blair of Wellsboro, record-
ing secretary; Miss Anna A. Adams of
Pittsburgh, treasurer.

Convention Officers
The convention is headed by Miss
Emilie Salomon as general chairman,
with Miss Anne Breneman of Har-
risburg as chairman of program; Miss
Maude Madge of Sharon as chairman
of credentials; Miss Nancy Bechtel of
New Castle, who is president of the
New Castle club, as chairman of reg-
istration; and Miss Elsie Faber of
Williamsport, who is chairman of
badges.

Luncheons and teas will feature
the convention. On Friday the But-
ler and Sharon clubs will be joint
hostesses at a luncheon to the dele-
gates in The Castle. At 3:30 there
will be a tea in The Overlook in New
Wilmington. On Saturday morning
there will be a vocational breakfast
with Miss Bertie Frantz as chairman.
At 12:45 there will be a birthday
luncheon at the New Castle Field
Club, with Miss Helen Blair as toast-
mistress. The banquet is at seven
o'clock in the Cathedral. Sunday
morning at eight o'clock there will be
an emblem breakfast with the Pitts-
burgh club as hostesses and Mrs. Beu-
lah Manley presiding.

Straw Hat Season Opens Today But Hats Are Scarce

Today may be the official opening of straw hat day for this section and other divisions of Mother Earth, but this year, to say the least, the Panama debut was a total flop.

As the reporter left The News office and walked slowly they always walk that way down Mercer street, there was not a straw in sight with the exception of the cigar that a business man on the street was smoking.

Up Washington street to the left was just like a farmer's barn in late spring—no straw.

The news hound ambled into a chapeau establishment and inquired concerning the peddling of the summer hats and the proprietor was reticent. Finally he mumbled that the famed hats were not selling so good

Prince Of Wales Is Modest Hero; Saves Man's Life

Workman Saved From Death By Presence Of Mind Of His Royal Highness

(International News Service)
LONDON, May 15.—The Prince of Wales was being hailed all over England as a modest hero today.

His royal highness added another laurel to his crown of popularity by rescuing a workman who slipped into moving machinery at the industrial exhibition now being held in New Castle.

After delivering a speech opening the exhibition, the Prince was inspecting a machine used in the manufacture of tin cans. The workman, wearing overalls, was demonstrating the use of a moving metal belt.

Leaving over the machinery he suddenly lost his balance and became entangled in the moving belt. Showing great presence of mind, the Prince immediately caught hold of the man's overalls and dragged him clear of the machinery before any injury was sustained.

Carnival Night To Draw Throng

Over 125 Reservations For Dinner
Are Already In At
Field Club

With 125 reservations for dinner already in, the Carnival Night at the New Castle Field club on Thursday evening promises to be a gala affair. Dr. E. M. Parlette, general chairman of the evening has more acts than a three ring circus under rehearsal and has promised that anybody dissatisfied with the show can write a letter to The News.

Dr. H. E. Zerner, veteran of the saw dust ring and the big tops has consented to act as ringmaster of the carnival and as a ring master the doctor ranks with the world's best surgeons.

The evening opens, as evenings usually do, with a dinner at 6:30 o'clock. While the diners are still toying with their beef steaks, the actors will be getting made up with George Bechtel handling the makeup box.

At eight fifteen or thereabouts the carnival opens with a galaxy of stars presenting the capshaft of indoor daring and thrills.

According to Dr. Parlette the carnival idea was the result of Roy Jamison's "germinal thought". Mr. Jamison has acted in the capacity of advisor to the lion tamer in the shows and will appear in person, not a motion picture.

The carnival is limited to members and their families and following the raid by the authorities which is expected, dancing will be the diversion.

Four School Board Members To Elect At Fall Ballotting

Among the many offices to be filled this year in the city and county will be four school directors for the New Castle schools. Three of the vacancies are expected to be filled by the fall election and the fourth by an appointment when Dr. W. L. Campbell resumes.

The terms to expire are those of Charles H. Young, who is president of the board; Joseph E. Ligo and Mrs. J. C. B. Douthett. The unexpected term of Dr. W. L. Campbell will be filled by the appointment of Daniel B. Woolcock and the election in this office will be for two years.

The regular term of a school director is six years and the three whose terms expire this year have served that term. Mr. Young has not yet indicated whether or not he will seek re-election. Mr. Ligo has been a school director in New Castle for many years and if he does not run it will only be because he feels that he has devoted many years of his life to the cause of education.

Mrs. Douthett has already said that she would run for re-election. She is one of two women on the board, the other being Mrs. Rose M. Northcutt, who was re-elected for a second term in 1927. Mr. Woolcock will run, it is felt, although his friends have had some difficulty in persuading him to let his name be used. His appointment to the board brought to that organization an engineer of ability and with the few months service he has had his friends feel that he should be a candidate. It is altogether probable that he will run. No other candidates have been mentioned as yet.

Building Program Over.

The probabilities that the board will have less arduous duties for the next few years, due to the completion of the building program which has occupied several years of earnest endeavor upon the part of the board. New Castle is in splendid shape

now in the matter of class room space and new buildings will not be needed for some time. The main duties of the board for a time at least will be the supervision of operation and maintenance expenses and the handling of the usual routine matters that come before it.

While the election of school directors does not often create a bitter political fight, yet the office is highly important to the welfare of the children of the city. The school board is now spending about a million dollars a year in education in New Castle, a sum larger than that spent by the city council.

Swick To Make Address June 7

(Special To The News)

WASHINGTON, D. C., May 15.—Congressman J. Howard Swick will deliver the commencement address at the Washington Homeopathic hospital on June 7, hospital authorities have announced.

On that date, a class of student nurses will be graduated, and Congressman Swick has been requested to act as the speaker of the day.

BY GROVE PATTERSON

AS TO FAILURE

Failure comes to one out of every two men in the years between 40 and 50. Commissioner McMillan, of the Salvation Army, finds the low ebb in a man's life. He has learned some interesting things about the struggling human being. He says: "Our statistics show that the lowest ebb in the average man's life, in so far as his chances for success are concerned, comes in the forty sixth year. It is during those twelve months of a man's life that he is most likely to lose sight of the ambitions of his youth and sink into the abyss of discouragement and failure."

"Of the daily average of approximately 234 applicants for admission to the Salvation Army Industrial homes in Chicago, seventy-seven are between the ages of 40 and 50, fifteen are under 30 years of age, thirty-six between the ages of 30 and thirty-five, between the ages of 50 and thirty-seven between the ages of 60 and 70, and four are over 70 years. The ages of this group average 46.7 years."

IT'S IN YOUR MIND

Speaking of 46 and the ebb tide of ambition—there's nothing to it if you don't admit it. Professor Albert A. Michelson, famous physicist of Chicago university, is 76. He is the man who has been starting the scientific world by his calculations of the speed of light. Now, at 76, he is just setting out on some new experiments to be carried on in California, which will occupy four years. Then he will be only 80. He counts on having fifteen or twenty years of useful life after that. And why not?

MEN ARE JEALOUS

Speaking to women, a business woman says women must be "as big as men" if they are to succeed in business. She condemns petty jealousies. Never mind. Men are as jealous as women. Their longer experience with the contacts of the world may have taught them to cover up their defects a little better than women. They are no better and no less jealous.

WAR TROPHIES ARE AVAILABLE

Congressman Swick Can Secure Some For Local Organizations

(Special To The News)

WASHINGTON, D. C., May 15.—Following the requests from a large number of veterans organizations of his district for war trophies Congressman Swick has conferred with the Chief of Ordnance of the war department and has learned that several classes of trophies are available for distribution.

Among the trophies which may be procured by veterans organizations are German steel helmets, Gott Mitt Uns belt buckles, bayonets, body armor infantry and medical corps canteens, howitzer cartridge cases, German Maxim machine guns, M 1908 and M 1908-15; German helmets, belt, loading German machine guns, eagle helmet ornaments, German side colored steel ornaments, German Mauser and German Mannlicher rifles, enlisted men's sabers, hand grenade throwers, empty 150 and 170 mm shells and belt machine gun steel boxes.

Any organization in Congressman Swick's district desiring such trophies for display purposes should write a requisition on the official stationery of the organization and forward the requisition to the congressman who will okay it and present it to the Chief of the Ordnance.

The trophies will be presented to the veterans organizations requesting them free of charge but it will be necessary for such organizations to pay packing and transportation charges.

School Board Raises Tax Millage To 35 Mills At Meeting Tuesday

Finance Committee Considers Action Necessary To Take Care Of Debts On School

Committee From Board To Visit Council To Ask Settlement Of Central Building

ELLWOOD CITY, May 15.—At the regular monthly meeting of the Ellwood City board of education which convened Tuesday evening in the Lincoln high school, the most important piece of business was the consideration of the board members of the Finance committee's resolution to raise the school tax from 32 to 35 mills in order to provide a legal sinking fund and to provide for payment of bonds and interest due. The resolution in detail follows:

To the members of the board of education, Ellwood City school district:

Gentlemen:

In order to provide a legal sinking fund and provide for payment of bonds and interest due, the committee must recommend an increase of millage to 35 mills for the ensuing year.

You will note that there has been a reduction of approximately \$50,000.00 in valuation for the current year over last year. We wish to go on record as voicing our opposition to such a reduction as all must realize that the increase in school population with its increased demand for buildings and expense of instruction should naturally go hand in hand by an increase in property valuation.

We call your attention to the inequalities in assessment and suggest that another overture be made to council to provide an independent appraisal of all property in the borough which will at least furnish a guide for the assessors and establish our contention that the inequalities are glaring.

You will note that at present the finishing of the auditorium cannot be considered on account of our financial condition. We suggest that a proposition be submitted to council to complete their payment on the Central school property, at once, amounting to \$30,000.00 in consideration for which your board would agree to pay the borough six percent (6%) on that amount until the date of the expiration of the sales contract which is December 1st, 1931.

This money would permit us to complete the auditorium making the benefit of this improvement available for use.

Your attention is called to the unpaid balance of \$34,210.37 due from the tax collector, all of which will be due June 1st, 1929. We suggest that

the tax collector be notified that we will expect settlement in full on that date as provided by law.

We would also request that the tax collector be authorized on the 1927 duplicate to the amount of \$5,074.89 which amount comprises double assessments and uncollectable taxes, and to the amount \$810.72 which amount represents property taxes that have been filed.

Yours very truly,

J. W. OFFUTT,

Chairman, Finance committee.

With regard to the paragraph mentioning the Central school building, which the city, at one time, planned to take over to convert into a city building, in 1931, the board members decided to send a committee to confer with the borough council with the proposition of settling the price, which amounts to \$30,000.00, be paid soon, and the school board pay the council interest on the money until the expiration of the bill of sale, which occurs in 1931, December 1st.

At the meeting a group of Chautauqua guarantors asked permission of the board to use the athletic field for the performances this summer. The board granted this petition providing the guarantors post a bond of \$50 to put the field in good shape at the expiration of the season.

Members of the Finance committee also recommended that a per capita tax of \$3.00 be levied against each resident of age which will be used to defray school expenses. A vote was taken of the board, and the result was favorable to the proposed tax.

The members of the board also accepted an invitation from the Memorial Day committee to participate in the exercises that will take place here on May 30.

An announcement was also made from a legal source that two members of the Ewing Park school board will be taken into the local board, which will make a large board until December, after which three members will retire and one new member be elected for the ensuing term of year. The new members coming in will be William Bayers and J. A. Pierson. This action is necessitated by the taking in of Ewing Park into the borough and re-naming it Fifth ward recently.

Members of the board also plan to attend formally the commencement day exercises of the high school. The matter of attendance was introduced by Prof. W. Ray Smith in his monthly report, and the board agreed that they should attend the exercises at least partly in a body, if a full attendance of the board could not be effected.

FUNERAL SERVICES

ELLWOOD CITY, May 15.—Funeral services for Mrs. Mary Strazza, whose death occurred at her home on Lawrence avenue Monday morning following an illness, were held at the Italian Catholic church this morning with Rev. Father Marino in charge.

Interment was made in Whitehall cemetery.

Convention Of Christian Church

ELLWOOD CITY, May 15.—The Christian churches of District No. 3 will conduct a convention meeting on Thursday at Enon Valley Christian church. The district embraces the counties of Lawrence, Beaver and Butler.

Harley Maskrey, of the local church will preside as toastmaster at the session of Young Peoples societies in the evening. The program committee is headed by Rev. C. G. Huffer, of the local church and speakers will include: Rev. Jesse B. Porter of New Castle, Miss Ruth McKinnis, secretary of Pennsylvania Women's Christian Missionary societies; Howard T. Holroyd, missionary to South Africa and Rev. Louis D. Riddle, of Butler. The last named speaker will deliver the convention sermon of the evening.

Legion Auxiliary Has 51 New Members

Plans Are Made At Meeting For Annual Sale Of Poppies Here On May 25

ELLWOOD CITY, May 15.—The regular monthly meeting of the American Legion Auxiliary took place Tuesday evening in the Legion rooms. It was the report that 51 new members have been taken in during the recent campaign, for new members which closed last night. The total enrollment of paid-up members is now 161.

It was also announced that the next four-county luncheon takes place at Alliquippa and Mrs. Wallace McDonald was selected to attend as a delegate from the local chapter. The members also voted to donate \$15 to the Community Chest and to furnish some part in the new hospital.

A beautiful gift for her graduation a chest... steeped in the romance of the past

THE DOWLING DOWRY CHEST

The design of this chest reverts to an old dowry chest said to have been used in the Court of King James I in about the year 1620.

According to the story, one of the court attaches, a Sir Henry Dowling, had one daughter whom he loved very dearly. This daughter, Amelia, had been sent to a convent on the continent. When she was ready to return to England, Sir Henry, in true fatherly fashion, desired to commemorate her home coming with a gift.

So he called in the artisans and he ordered them to make a chest which should surpass all others in beauty. He selected the wood, watched the work step by step, and finally when the chest was completed, nobody in all the Court had ever seen one lovelier.

Amelia came home. She accepted the chest with heart overflowing with joy. And according to the story which ends just as all such stories should, she married, settled down and lived happily ever after.

The gift from her father then passed on down through many generations finally to bestow its wealth of beauty and romance upon this modern adaptation, the Dowling Hope Chest, especially designed for the Girl Graduate by Lane, the world's foremost cedar chest maker.

This chest has the loveliest of Oriental and American walnut veneers on the outside and the choicest of aromatic red cedar heartwood on the inside, the cedar being 3/4 inch thick in accordance with the U. S. Government recommendations for a moth-killing cedar chest. Heavily paneled top richly embellished with carved moldings. The chest is roomy, capacious, inviting—indeed a charming treasure to hand down to future generations.

We shall be most happy to have you inspect this chest. For the Girl Graduate—or any girl or young woman—no finer gift is conceivable. The price is \$55. Convenient terms can be arranged, if desired. We show many other pleasing Lane models.

The Dowling Dowry Chest sells regularly at \$50.00. We are featuring this chest at the low price of \$35.00 for a limited time only—convenient payments.

X—Germany Invades Belgium, England Enters The War

AUGUST 3, 1914, GERMAN ADVANCE GUARDS CROSSED THE BELGIAN FRONTIER. THE SAME DAY ITALY ANNOUNCED HER NEUTRALITY. THOUGH A MEMBER OF THE TRIPLE ALLIANCE WITH GERMANY AND AUSTRIA-HUNGARY, ITALY DECLARED THAT SHE WAS NOT BOUND TO AID HER ASSOCIATES IN A WAR IN WHICH THEY WERE THE AGGRESSORS.

THE NEXT DAY A GRIM HOST OF GRAY-CLAD GERMAN SOLDIERS BEGAN POURING OVER THE BORDER INTO BELGIUM. THE NEWS OF THIS UNPROVOKED INVASION OF A NEUTRAL COUNTRY ELECTRIFIED THE REST OF THE WORLD. GREAT BRITAIN, AROUSED TO ACTION, RESOLVED FINALLY TO CAST HER LOT WITH FRANCE AND RUSSIA.

ENGLAND, AS THE SWORN DEFENDER OF BELGIAN NEUTRALITY, SENT GERMANY AN ULTIMATUM (AUG. 4), DEMANDING ASSURANCES BY MIDNIGHT THAT THE NEUTRALITY OF LITTLE BELGIUM WOULD BE RESPECTED. THE GERMAN GOVERNMENT IN REPLY DECLARED THAT ITS VIOLATION OF BELGIUM'S NEUTRALITY WAS A STERN MILITARY NECESSITY.

ENGLAND PROMPTLY DECLARED WAR. VON BETHMANN-HOLLWEG, THE GERMAN CHANCELLOR, CHAGRINED AT THE TURN OF EVENTS, SAID: "GREAT BRITAIN IS MAKING WAR JUST FOR A WORD—'NEUTRALITY'—JUST FOR A SCRAP OF PAPER." THE SAME DAY (AUG. 4) PRESIDENT WILSON PROCLAIMED THE NEUTRALITY OF THE UNITED STATES.

WESTERN TEAMS

By LES CONKLIN
International News Service Staff

NEW YORK, May 15.—The first series of intersectional battles in the American League will end today. The fall of the Browns and the rise of Detroit have been the outstanding surprises of the East vs. West contests. The Browns, who led the league before the eastern teams journeyed westward, have dropped six out of eight contests with the invaders. Detroit, practically left at the post at the start of the race, has come with a rush and now looms as the strongest western contender.

Philadelphia has won five and lost three on the trip and the Yankees copped seven out of 13, the Yanks gaining one game. The Athletics are today by virtue of their 10 to 8 win over the Tigers yesterday while the Yanks were idle.

Lefty Grove, rushed from the bullpen in the ninth, saved the game by fanning two men with the bases full. Each team used four relievers.

Pat Malone, Chicago strike-out artist, who had won all of his five starts, was sent against the Braves and lost a 12-inning battle, 6 to 5. The Cubs dropped back to a tie for the National League lead with the Cardinals, who were idle.

Hits by James and Spohrer broke up the game, which was the first

extra inning contest played in Boston this season. Malone struck out seven men.

Nicking Sam Gray for 12 hits in eight innings, Washington took a 9 to 7 batting bee from the St. Louis Browns. Ad Liska, Washington's submarine ball expert from Minneapolis, was knocked out in the ninth when the Browns scored four runs.

Bob Weiland, star rookie hurler of the White Sox, threw curves at the Red Sox until they were dizzy. Boston got only five hits and Chicago won in a romp, 6 to 2.

All other games were postponed by rain.

The Monotony Of Winning

By QUIN HALL

If it wasn't for the fact that Jake Schaefer sometimes becomes slightly erratic in his play on the green tables, the business of winning billiard titles might have, by this time, frayed his nerves to such an extent that he would have ground the balls into fine dust under his heel and split his cues over his knee.

Young Jake, the son of the man who for years has been referred to as The Wizard, has been one-stepping around a billiard table ever since he was able to climb up on a chair to make his shots. While he hasn't always been successful in grabbing off the big titles since he first crashed the billiard world, he has kept his name pretty prominent in the public prints and has succeeded in losing just often enough so the winning wouldn't get too monotonous.

The younger Schaefer is erratic. While he customarily performs like the champion which he is, there are times spotted through his career when he has looked like a dub. He is not

nearly so consistent a player as his father was back in the days when old Jake was riding the tables and making early billiard history.

And while young Jake may appear nervous to the customers at a billiard tournament, he isn't always as cool and collected as he looks. He is just clever at masquerading and is able to hide his true feelings from the gallery.

Whereas in the past a billiard champ was kept fairly busy defending his title, a new ruling by the billiard powers makes the champ a champ for a period of 12 months. Schaefer won the title last winter and is the first champion to be affected by the new ruling.

But young Jake will be kept busy shooting exhibition matches and consequently will be able to keep up his yearly average or distance traveled around billiard tables. He figures that he has circled the globe several times just galloping around with a cue in his hand making more or less difficult shots.

Penn State Team Leaves For East

STATE COLLEGE, Pa., May 15.—

The Penn State ball team will tackle

the Penn nine in Philadelphia this

afternoon, the first of three games to

be played on foreign fields this week.

A squad of 15 players left here last

night for the eastern trip, with Coach

Hugo Bezdek and Manager Newcomb

in charge of the party.

Following today's game with Penn the team will

go to Princeton tomorrow and on to

Worcester, Mass., for a game with

Holy Cross Friday.

The players taken on the trip were

Young, Dobbelaar, Wolff, French and

Livezey, infielders; Captain Delp,

Singley and Dieckrich, outfielders;

Saltzman and Parana, catchers, and

Fry, Stokes, Lockard, Valentine and

Kopler, pitchers.

Coach Bezdek was undecided as to

the pitchers for the respective games.

Fry has the best record to date, but

Stokes' work in recent games indicates

that he is ready to face the strongest

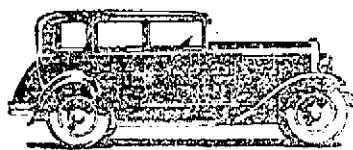

teams.
